Alex- There are hard copies of 23 fact sheets in your binder for review. Note that there are two IRIS/Formaldehyde ones as we just received ORD's 10 minutes ago so OPPT prepped their content separately. I understand from your direction earlier that these are due to OCIR at 9am. If there are any that are good to go, I will be ready to clean them up this evening/early tomorrow and send on to Sven. If you have final edits/questions, James is in at 7:30am tomorrow and will take the lead on final follow-up/edits.

Please let us know if you have any questions.

Thanks,  
Kaitlin
